Yang Ou

Business Analyst - Consulting

Richmond, British Columbia, Canada

Summary

Results-driven consulting and airline commercial professional with 9+ years of experience across Agile delivery, international route development, trade distribution, and revenue management. Experienced in stakeholder management, cross-functional coordination, commercial strategy, and data-informed decision-making. Background includes GDS distribution, ATPCO fare filing, tariff management, and partner-facing market development, supported by a strong technology foundation, international academic exposure, and multilingual communication skills.

Experience

Deloitte

Business Technical Analyst

October 2022 - November 2023 (1 year 2 months)

Greater Vancouver Metropolitan Area

Supported enterprise delivery for the largest Canadian airline client, coordinating Agile execution, stakeholder alignment, and workflow optimization across complex cross-functional teams. Built continued exposure to airline systems while strengthening client-facing delivery and issue-resolution skills.
